Summary

As a computer science engineering student, I have a deep passion for the technology that powers the world around us. Through my coursework and hands-on experience with programming languages like C,C++, python, javascript and core java programming, I have developed a strong foundation in computer science theory and practical application.

In addition to my technical skills, I am a highly motivated and collaborative individual with strong communication and teamwork abilities. Whether working on a group project or tackling an individual coding challenge, I am always eager to learn and grow as a software developer.

As I continue to explore the field of computer science engineering, I am excited to bring my creativity, problem-solving abilities, and strong work ethic to a role where I can contribute to the development of innovative technology solutions. I am always open to connecting with like-minded professionals, so feel free to reach out and connect!

Founder | blogger
Technomintstudy
Apr 2021 - Present (2 years 10 months)
A dynamic platform where I passionately share my expertise in programming and computer science. Through a diverse range of engaging articles and tutorials, I offer valuable insights, tips, and techniques on various programming languages, software development methodologies, algorithms, data structures, and emerging technologies. With a focus on clarity and practicality, my blog serves as a go-to resource for aspiring developers, students, and professionals seeking to enhance their technical skills and stay updated with the latest advancements in the world of technology.

Education

Vidya Vihar Institute of Technology, Purnea

Bachelor of Technology - BTech, Btech computer science and engineering
2021 - 2025
Computer Science and Engineering BTech Student at Vidya Vihar Institute of Technology

Passionate about leveraging technology to drive innovation and solve complex problems, I am currently pursuing my BTech in Computer Science and Engineering at Vidya Vihar Institute of Technology. With a strong foundation in programming languages, data structures, algorithms, I am equipped with the skills necessary to tackle real-world challenges in the field.I am actively seeking internships and opportunities to apply my skills and gain practical experience. Feel free to reach out for collaborations, mentorship, or to discuss exciting opportunities in the field of computer science and engineering."

Purnea University

Class 12th, Physics | chemistry | mathematics
Jun 2019 - Mar 2021

St. Peter's school (purnea)

Class 10th
Jun 2008 - Jun 2019

Licenses & Certifications

Advance diploma in computer applications - Wizard-Tech Computer Academy
910411030400

Internship tranning in C/C++ - Internshala
721gz2lxcsd

TCS-ION career edge-young professional - TCS iON
119854-24198512-1016

Operating system fundamentals - Indian Institute of Technology, Kharagpur
NPTEL23CS123S732500172

Skills

NumPy • Pandas • Matplotlib • Statistics • HTML5 • CSS3 • JavaScript • Knowledge Sharing • Technical Discussions • Problem Solving
